If you choose a frame exceeding your plan allowance, you’ll be responsible for paying the overage in addition to any applicable copays or deductibles at the time of your visit.

UnitedHealthcare has a national network of private practice and retail chain providers. You may search for providers, view your benefits, or print an ID card online at myuhcvision.com.

Do I have to use certain vision providers?

You can see any vision provider you choose, but cost savings are the highest when you use a provider that participates in the UnitedHealthcare vision network. Visit the website at myuhcvision.com to log into the member website, print ID cards, or look up providers in the provider network.

Are Lasik, lens upgrades and additional services covered?

Yes. The plan includes coverage for various Lasik procedures, fixed negotiated rates on many lens upgrade options as well as additional discounts on other services.

SPECIAL ENROLLMENT RIGHTS
If you decline enrollment for yourself or your dependents (including your spouse) because of other medical insurance or group medical plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for the other coverage (or if the employer stops contributing towards you or your dependents’ other coverage). However, you must request enrollment within 31 days after your coverage or your dependents’ coverage ends (or after the employer stops contributing toward the other coverage).

In addition, you may be able to enroll yourself and your dependents if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, if your dependents lose eligibility for coverage under Medicaid or the Children’s Health Insurance Program (CHIP) or become eligible for a premium assistance subsidy under Medicaid or CHIP. However, you must request enrollment within 31 days after the marriage, birth, adoption, or placement for adoption or within 60 days of the date of loss of CHIP coverage. To request a special enrollment or obtain more information, contact Human Resources.

PORTABILITY OF COVERAGE
The Health Insurance Portability and Accountability Act (HIPAA) of 1996 entitles you to a complete transfer of benefits (no pre-existing condition exclusions) if you change jobs or your employer changes insurance carriers. To guarantee the portability of your benefits, your previous coverage must not have lapsed for more than 63 days prior to your new eligibility date and you must provide proof of prior coverage to your new employer.

MEDICARE PART D CREDITABLE COVERAGE DISCLOSURE NOTICE
What is considered creditable coverage?
Under the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (Medicare Part D) prescription drug coverage is considered creditable if the amount the plan expects to pay on average for prescription drugs for individuals covered by the plan in the applicable year for which the disclosure notice is being provided is the same or more than what standard Medicare prescription drug coverage would be expected to pay on average. If the prescription drug coverage does not meet these standards is considered to be non-creditable.

Why is creditable coverage important?
Making sure you have creditable coverage is important. If you fail to enroll in Medicare Part D when you first become eligible or if you drop or lose your creditable coverage and don’t join a Medicare drug plan within 63 continuous days after your creditable coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later, which can only be done from October 15th through December 7th of each year.

BENEFITS TERMINATION & COBRA
When does coverage end?
Your benefits will continue until the last day of the month following: the last day of employment, the day you either elect not to participate in the plan, or you cease to be a benefits eligible employee/dependent.

What is COBRA Continuation Coverage?
The Federal Consolidated Omnibus Budget Reconciliation Act (COBRA) provides insured employers and their covered spouse and child(ren) (“qualified beneficiaries”), the opportunity to continue group medical, dental and vision coverage when a “qualifying event” would normally result in the loss of coverage eligibility. Common qualifying events include, but are not limited to, resignation or termination from employment, the death of an employee, a reduction in employee’s hours, an employee’s divorce, and dependent children no longer meeting eligibility requirements. Under COBRA, the employee and/or dependent pays the full cost of coverage at the current group rates plus a 2% administrative fee.

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Employer and Plan Administrator have been notified that a qualifying event has occurred. COBRA continuation coverage generally lasts for up to a total of 18 months, which can be extended for a total of 36 months in certain circumstances, or a total of 29 months due to disability.

Keep Human Resources Informed of Address Changes
In order to protect your family’s rights, you should keep Human Resources informed of any address changes for you or your family members. You should also keep a copy, for your records, of any notices you send.

You Must Give Notice of Certain Qualifying Events
For the certain qualifying events such as divorce or legal separation of the employee and spouse, dependent child’s losing eligibility for coverage as a dependent child, or if you or a covered dependent becomes disabled before the 60th day of COBRA continuation coverage, you must notify the Plan Administrator within 60 days after the qualifying event occurs. Your notification must include a description and date of the event, documentation to validate the event (divorce decree, court order, death certificate, Social Security award letter, etc), and must be sent to your plan administrator (see the contact list on the last page).

How can I find out more?
This is a general explanation. For more information on COBRA and the group medical, dental and vision plans contact your plan administrator, our benefits agency, The Bailey Group. The contact information for both parties is listed on the last page of this booklet. More information can also be found at www.dol.gov/ebsa/cobra.html.

NEWBORNS’ & MOTHERS’ HEALTH PROTECTION ACT
Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

CHILDREN’S HEALTH INSURANCE PROGRAM
The CHIP Notice that describes this program is available from the Human Resources Department.
HEALTH CARE REFORM: AFFORDABLE CARE ACT

Summaries of Benefits and Coverage
The Patient Protection and Affordable Care Act (PPACA) requires health plans and health insurance issuers to provide uniform summaries of benefits and coverage (SBC). These SBCs are provided by our medical insurance carrier. You may request a copy of the SBCs from Human Resources. Paper copies are also available, free of charge, by calling FL Blue Member Services toll-free 800.352.2583. This notice is provided to eligible employees. It is the responsibility of the employee to share this information with eligible dependents.

You can request a copy of this notice to be sent to eligible dependents that reside at an address other than your own by contacting Human Resources and providing the separate mailing address.

Health Insurance Marketplace (Exchange)
This section provides some basic information about the new Health Insurance Marketplace and employment-based health coverage offered by your employer. The Exchange Notice of Coverage Options is available from the Human Resources Department.

What is the Health Insurance Marketplace?
The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. You may also be eligible for a tax credit that lowers your monthly premium. The annual open enrollment periods begin each year on November 1st and ends December 15th for the following year’s coverage (these dates are subject to change). An individual generally cannot enroll in a QHP outside of the open enrollment period, unless a special enrollment period applies.

Can I Save Money on my Health Insurance Premiums in the Marketplace?
You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?
Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer’s health plan. However, you may be eligible for a tax credit that lowers your monthly premium or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of the least expensive plan that meets “minimum value” standards offered by your employer that would cover you (and not any other members of your family) is more than 9.69% of your household income for the year, or if the coverage your employer provides does not meet the “minimum value” standard set by the Affordable Care Act, you may be eligible for a tax credit.

Our group medical coverage has been determined to meet affordability and “minimum” value standards as required by the Affordable Care Act. This means that employees eligible for participation in our group medical coverage are not eligible for a premium reduced policy through the Marketplace.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you will lose the employer contribution to the employer-offered coverage. Also, this employer contribution, as well as your employee contribution to employer-offered coverage, is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area. Contact Human Resources for additional information.

A NOTE ABOUT SOCIAL SECURITY
Pre-tax deductions taken from your paycheck lowers your taxable income. Therefore your Social Security taxes (and, consequently, your future Social Security benefits) may be lower. How you are affected depends on your pay and the amount of pre-tax contributions you make.

The reduction on Social Security benefits, if any, for most employees will be minimal – a few dollars a month. Younger employees who use large amounts of tax-free dollars to pay for benefits over a long period (20 to 30 years) may experience a greater reduction in benefits when they retire. However, for most people, the benefit reduction has been more than offset by the tax savings. For more information, please contact your local Social Security Administration office.

PRE-TAX OR AFTER-TAX?
For some benefits, you can use pre-tax dollars from your pay. For others, you must use after-tax dollars.

When you pay for benefits with pre-tax dollars, money is deducted from your pay before taxes are taken out. This way, you avoid paying Federal Income taxes on what you spend on qualified benefits.

With after-tax contributions, just the opposite is true. They're deducted from your pay after Federal Income taxes are calculated and deducted from your gross pay.

WOMEN’S HEALTH AND CANCER RIGHTS ACT
As required by the Women’s Health and Cancer Rights Act (WHCRA) of 1998, this plan provides coverage for:
1. All stages of reconstruction of the breast on which the mastectomy has been performed;
2. Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
3. Prostheses and physical complications of mastectomy, including lymphedemas, in a manner determined in consultation with the attending physician and the patient.

Such coverage will be subject the same benefit levels deemed appropriate for other medical and surgical procedures that are covered under this plan.

Note:
If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you will lose the employer contribution to the employer-offered coverage. Also, this employer contribution, as well as your employee contribution to employer-offered coverage, is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.
