

Attention

The Planning and Building Department prides itself on customer service, and helping applicants achieve their goals within the parameters of the zoning code.

There are circumstances where applicants must go to a public hearing before the Planning and Zoning Board (PZB). There are legal requirements that need to be met to have a hearing before the PZB.

Due to the volume of applications and the increasingly complicated nature of applications the following policies and zoning code stipulations will be enforced:

- All applications must be received by the required deadline established for a specified meeting;
- All applications must be signed by the applicant and property owner, especially if different;
- All applications must be filled out as necessary based on the nature of the application and/or appropriate explanations or narratives describing the requested action must be attached; and,
- All applications must be accompanied by a site plan at an appropriate scale with measurements and level of detail that allows staff to review the application to determine and confirm any and all issues requiring review by the PZB, including an 11 x 17 inch copy of the proposed plan, and any necessary reports, surveys, plans and documents to accompany an application as appropriate.

Application submittals will be evaluated for completeness. Applications will not be scheduled for a PZB Public Hearing until they are “substantially complete” per Section 28-31 of the Zoning Code.

Complying with these submittal requirements will ultimately expedite applications and make the public hearing process more beneficial to all involved. Thank you for your cooperation.

 - a. Tree surveys locating all trees on the site 3” diameter and greater;
 - b. Tree survey including the proposed site plan at an appropriate scale to evaluate the proposed development’s impact on the trees, including specific trees and the tree canopy overall;
