Rain Conditions

Florida's summer rain showers are usually brief, but many times are very unpredictable when they will happen. Even with heavy rains in the afternoon, the weather often times will clear in time for the concert to begin as scheduled. Concerts will rarely be cancelled in advance but may be postponed or cancelled at the last minute.

It is best to plan to attend the concert, even if the weather looks questionable, and await the final decision in person. If a concert is cancelled, the public will be notified on the city website at www.CityStAug.com/Concerts and on Facebook at www.Facebook.com/CityStAug.
