### **QUESTIONS/COMMENTS**

- Jessica Beach – COSA is continuing to coordinate with other state and local agencies. There is a lot of activity going on in the city so we appreciate the involvement of the public.
- Doug White EPA Region 4: Should any Federal agencies appear at the April 24<sup>th</sup> meeting?
  - Yes, if you can make it absolutely. It is just that evening starting at 6pm on the 24<sup>th</sup>. Additional information will be posted ahead of the meeting.
- Chris Farrell Audubon Florida: For the future condition analyses, is there a way to view the assumptions that are being made, specifically the sea level rise?
  - We are doing all of those forecasts and analysis now, once we complete the reviews, we will add to the Engineering tab on the study webpage.
  - The team is looking at using NOAA's marsh migration tool to see how the marsh habitat may evolve in the future and incorporate into our future without-project condition.
  - The team will send out an e-mail blast once the information is live on the webpage.
